Silence throughout the synod is probably wise, but decisions will need to be explained adequately

For months now it's been hailed as the most important meeting of minds in the recent history of the Catholic Church, and an event could well produce seismic changes in Catholic doctrine. On the other hand critics have complained that it's a gathering of extreme exclusivity, internecine agendas and intellectual pomposity when its premise is to remove exactly those negative traits from the Catholic establishment.

The Synod on Synodality has been such a long time in the making, and comes at a time when the Catholic Church has an urgent need to clarify and develop its theology not ...

### Former Governor of Bank of England says Pope is “absolutely right” on climate crisis warning

The former Governor of the Bank of England has spoken out in support of Pope Francis’ Apostolic Exhortation, Laudate Deum. UN special envoy on climate action and finance Mark Carney said businesses must urgently step up the fight against climate change, but can use the lessons of the financial crisis to guide them. Speaking at a webinar ...
